

Sgt. Truett O'Donald Is Killed in Action

500 Attend Band Clinic

Schools From All Over Panhandle Were Represented

It is estimated that at least 500 band students from high schools over the Panhandle attended the first Texas Panhandle Band Clinic here Friday, March 3. One hundred twenty-five of that number were players in the All-Star Band.

Registration began at 9:00 and continued until 4:00 p. m. At 10:00 a. m. the All-Star Band began its first rehearsal. Each number was directed by a different visiting band director. Lunch was served to the All-Star Band members at 1:15 in Cousins Hall. The second rehearsal was held at 2:30. At 5:30 in the Education Building Auditorium the members of the W. T. Troupe presented a program to all visiting students. Dinner was served to the band members at 6:30 in Randall Hall.

The final feature of the day was a concert at 8:00 o'clock in the main auditorium. The selections were those which had been played most successfully during the day.

Postal Rates Are Boosted to Help Win the War

Postal rates will be increased on March 26 under the provisions of the new tax bill.

One cent postage is not affected. This means that post cards will remain the same. Letters in towns like Canyon may still be mailed for one cent.

However, letters which are mailed on rural routes will take a 3 cent stamp instead of 2 cent stamp. Drop letters in large towns, now requiring 2 cents, will require 3 cents when the new rate goes into effect.

Air mail letters will be boosted from 6 cents to 8 cents per ounce.

However air mail letters to members of the armed forces overseas will continue at 6 cents, but the weight is cut in two. Only one-half ounce will be allowed for 6 cents, instead of one ounce.

Other postal charges are boosted. C. O. D. charges are doubled; registration, insurance and money order fees are increased by provisions of the new law.

Many other new tax charges will become effective on March 26 as the new law goes into effect.

Chain Letters on War Stamps Are Against the Law

Chain letters for War Stamps are going the rounds once more.

The post office department is trying to stop the letters, which are in strict violation of postal regulations.

Those who receive chain letters on War Stamps are advised not to continue the chain. Some of the writers even state that the chain is approved by the government, which is entirely untrue.

Cuttings From Letter From Paul Hicks

Paul Hicks who is with the 4th Division Marines in the South Pacific writes in part on Feb. 22: "I guess you have heard about our taking the Marshall Islands. We are now at our rest camp living in tents with open showers and nothing but cold water. . . I know now what it feels like to have bullets flying over your head. The first night on the island was the longest night I ever spent. It rained all night. We hit the beach on the second of Feb. and left on the third. "I thought dead rats smelled bad but the smell of dead Japs is the worst. They were lying dead everywhere on the island and along the beach. There must have been a hundred wrecked airplanes. That is about all that I can tell you about the battle unless I tell you that I helped bury two Japs and arms and legs of some other dead Japs. "We have been here at our rest camp for 3 days now and it has rained nearly all the time. We live six men in a tent and see by candlelight. It is a nice place if it wasn't for the rain and mud. "Don't worry about me. I am all right and gained lots of weight on the ship doing nothing except eat and sleep."

Member of Canyon's Co. F Pays Supreme Sacrifice in Italy According to Word

SGT. TRUETT O'DONALD

Sgt. Truett O'Donald, 29 year old son of Mr. and Mrs. S. O. O'Donald of Canyon, was killed in action with Company F, of the Fifth Army, in Italy, Feb. 4, according to information received from the War Department this week.

Sgt. O'Donald was a 1933 graduate of Canyon High School. He left Canyon with the National Guard Unit at the outbreak of war and trained in Camp Bowie, Texas, and Camp Edwards, Mass.

Two brothers of Sgt. O'Donald are in the service. Cecil, a Staff Sergeant in the Air Corps, stationed in Columbus, Ohio, was originally with Company F. Dan O'Donald is with the Quartermaster's Corps somewhere in Canada.

Other than his parents and these two brothers, Sgt. O'Donald is survived by one brother, Rusty, of Canyon, and six sisters—Mrs. L. D. Webb, Ashfork, Ariz.; Mrs. Eston Bretling, Leland, Miss.; Mrs. Vachrel Ridley, Bellview, N. Mex.; Mrs. Roy McCoy, Ore Grande, Calif.; Mrs. Katherine Covington, Amarillo; and Miss Mary O'Donald, Canyon.

Mr. O'Donald said, "We grieve to see Truett go, but we have been preparing ourselves for it since we knew he was in such heavy fighting. One comfort to other Canyon homes might be the fact that only one other Canyon boy, Jim Carr, was in the same platoon with Truett."

The following is a copy of the telegram received by Mr. O'Donald. "The Secretary of War desires me to express his deep regret that your son, Staff Sergeant Carroll T. O'Donald, was killed in action in defense of his country on four February in Italy. Letter follows." Signed The Adjutant General.

Seed Loans Being Made To Farmers For 1944 Crops

Loans to farmers to finance production of 1944 crops are now being made by the Emergency Crop Loan Division of the Farm Credit Administration, according to W. E. Anderson, Field Supervisor for this county. Applications are being received at the First National Bank each Monday afternoon from 1 p. m. to 3 p. m.

These loans, usually known as "the seed loans," have been made by the government for many years and have proved of great benefit to farmers of limited collateral whose cash requirements are small. The maximum loan to an individual is \$400.00. The advances cover the cost of seed, fertilizer, feed, fuel oil, and supplies.

Lt. Weldon Bright Receives Promotion

Mrs. Irene Bright received a cable gram from her husband Lieut. Weldon Bright telling her that he had been raised in rank from second to First Lieut. and that he is assistant adjutant in a U. S. Assault Training Center somewhere in England.

Paul Nickelson, son of Mr. and Mrs. John T. Nickelson, Canyon, is now enrolled in the pre-flight school at Maxwell Field, Alabama, an installation of the Army Air Forces Training Command. A/C Nickelson was graduated from Canyon High School in 1941.

Evangeline Baker Archer, 43, has resigned her position at Ozona to join her husband who is in training in Denver.

Mrs. Juanita (Langston) Wallander returned recently from Montana where she has been with her husband.

Helen Miller spent Sunday at home in Happy.

Clamp Down on Auto Parking

Double Parking on North Side of Square Must Be Stopped, State Officials

The police night force will go on duty at 7 o'clock in the future in order to direct traffic around the square.

Parking regulations on the north side of the square are abused every night as cars are parked three and four deep. Sometimes trucks drive into this congestion, making it impossible for cars to be moved.

Regulations which will be enforced are as follows:

Trucks are not allowed to park on the north side of the square, either by day or by night. They may park on either of the other three sides of the square.

Cars must drive into the curb on the north side of the square, and along the court house side. Parallel parking is allowed only between the marked lines, on the south side of the street.

Cars must not double park any place around the square.

The police force will enforce these simple regulations and asks that citizens co-operate in their effort to avoid congestion.

Business people are asked not to monopolize parking space around the square during the day, but to park on the court house curb in order that shoppers may have ample parking space as they drive up to the stores.

Sgt. K. W. Patterson Reported Wounded in Italy

Another boy who went from Canyon with Company F has been reported wounded in Italy. This is Sgt. Kenneth W. Patterson.

He is the son of Mr. and Mrs. A. F. Patterson, who now live in Amarillo.

The family lived in Canyon several years ago and Sgt. Patterson went with the company to Camp Bowie in January, 1941.

The extent of his injuries has not been stated.

Dr. Bernice Moore Speaking at W. T.

Dr. Bernice Moore, of the University of Texas, who is working under the auspices of the Hogg Foundation has returned to Canyon as the feature speaker in the annual Marriage and Family Life Series which is being held at West Texas State this week.

Today Dr. Moore speaks at the regular assembly and this evening she will be presented by the American Association of University Women at an open meeting which will follow the annual dinner of the organization.

On Friday at 10 a. m. she will speak at the College Auditorium and in the evening at the Amarillo Center.

Dr. Moore works almost exclusively in the field of personal relations. Besides being in constant demand for talks having to do with courtship, marriage, and family life, she has been called in as a consultant by many of the major industrial plants in the South. During the past year, she has made an extended study of absenteeism in industry. She is probably as well informed regarding opportunities in industry for both women and men as any person in Texas.

W. C. Harter Finishes Specialized Training

William C. (Billie Cass) Harter, Canyon, was among the 238 cadets in the basic engineering unit of the Army Specialized Training Program at Indiana University who were graduated at commencement exercises Monday, Feb. 28. President Herman B. Wells of Indiana University delivered the commencement address, and Colonel R. L. Shoemaker, commanding officer of army personnel at the University, presented the class for graduation.

STORK SPECIAL

Mr. and Mrs. Prentice McKee are the proud parents of a baby daughter, Sharon Kaye, born Saturday morning, March 4.

Mr. and Mrs. Raymond Shackelford of north Hollywood, California, have announced the birth of a son, Ronald Conway on February 16. The father was one of the tall basketball players; he was known as "Shack," and the mother was Louise Ramey, who in her student days worked in the office of the Registrar.

A son was born to Mr. and Mrs. Jim Boyd, March 2.

Thomas Eugene Horn was recently inducted into the army and will leave Sunday. He is the son of Mr. and Mrs. J. W. Horn of Canyon.

Nance Herefords Are Winners

To Open Food Processing Plant Opening June 1 To Aid Citizens

Canning Plant Will Be Of Great Aid in Taking Care of Vegetable Crop

The Vocational Agriculture Departments of Canyon High School and West Texas High School are co-operating in sponsoring a program whereby a Food Processing Plant is to be obtained for Randall County. This project is under the supervision of Milton Morris, Vocational Agriculture instructor for W. T. High. Each year some outstanding program is outlined by these two groups. For several years they have been working toward the equipping and maintaining of a Farm Machinery Repair Shop. This shop, now under the direction of W. G. Sanderson, Vocational Agriculture teacher for Canyon High, will be continued through this year also. It is located under Buffalo Stadium and was reopened March 6, and is accessible to all farmers of the county without charge.

On February 8, a meeting was called to start actual planning and work toward obtaining this Food Processing plant. This group was composed of representatives from all parts of the county and town, and from it an initial committee selected as follows: Mrs. L. D. Winn, Mrs. L. L. Byars, Mrs. Floyd Tomlinson, Mrs. Frank R. Phillips, and Mrs. Herschel Jennings. Working with this committee in various capacities, especially in relation to planning and instructional work are Miss Gladys Armstrong, area supervisor for homemaking; Miss Ruth Ford, W. T. Home Economics Department; Mrs. Marie Fowler, Canyon High School Home Economics Department; Mr. Sanderson and Mr. Morris.

Over the nation many of these food processing plants are in operation. They are flourishing because of the recognition of the growing importance of home production and preservation of food. That there is a need for these community canning centers is shown by these facts: increasing scarcity of foods, excessive cost in both ration points and money of some foods, and the fact that many families find it difficult to provide adequate, nutritious meals when the food must be purchased. Another factor is the need of our armed forces and allies for additional food supplies, and by home production more products can be released for such uses.

The government has noted these conditions and has appropriated specific amounts for the setting up of community canning centers in progressive communities over the United States. The government also recognizes the importance of trained instructors and helps in making them accessible for each phase of the work.

The local community supplements government aid and takes the initiative in the physical organization of centers. It provides an appropriate building, utilities, and sees that the equipment is used by a large enough number to make its retention worthwhile.

Some objectives have been reached locally in planning for a food processing plant similar to those already in operation over the nation. Various discussion groups have met, thus ascertaining the interest throughout the country. Government aid has been applied for and obtained, and a greater portion of necessary equipment for preparation and processing has been allowed for the local plant. A committee is also investigating available housing facilities to accommodate proposed plant. Instructional groups have been organized and are functioning for the purpose of studying the best methods for planning, producing and conserving the food of our community. March Quota of War Bonds Set For \$25,000

Randall County citizens have been called upon to buy \$25,000 of E, F and G War Bonds during March.

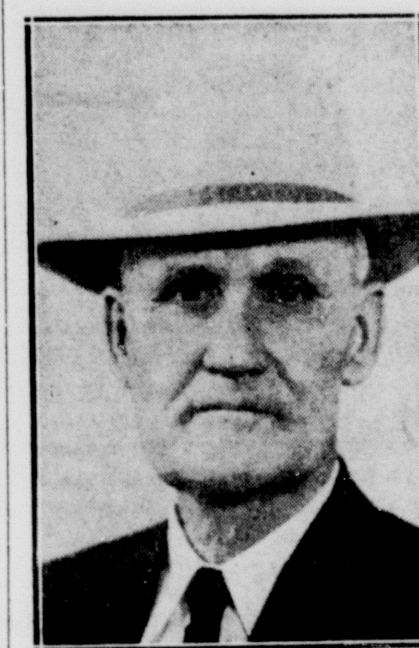

Following the big drive during the 4th War Loan, it was anticipated that no quota would be set for March. Owing to heavy war needs, however, a quota has been set for the month.

John Cooper of McLean visited the parental C. O. Cooper home over the week end. He had been to Lubbock for his physical examination.

Mrs. J. M. Collins and daughter, Ann, from Amarillo visited Mrs. Jessie Reid, Friday. Ann remained over the week end.

Mrs. John Burgess visited her son, Sydney, and family in the Army Technical Village, Amarillo, Sunday.

JUDGE B. F. MACHEN

In announcing for re-election to the office of Justice of the Peace, Precinct No. 1, I want to thank all my friends for their liberal support and co-operation since I have served you in this office.

I earnestly solicit your vote and influence in the coming election.

Remember that I am your Justice of the Peace, here to serve you, and if I can be of any assistance to you, please call me.

B. F. MACHEN.

Red Cross Man Reports on Local Men In Service

The 36th Division, in which there are so many boys from Canyon, is made up of wonderful fighters, according to Talbert D. Jessup, former director of Red Cross Services in Sicily, England and North Africa. Mr. Jessup stated that he had been with these men in Africa, Sicily and then in Italy, and that their reputation for bravery and gallantry was known wherever soldiers are found. These statements were made by Mr. Jessup Tuesday afternoon when he spent a short time in Canyon, with another official who was on business in connection with Randall County's War Fund drive.

That the work which the local Red Cross does sometimes reaches the boys from Canyon was shown this week in a letter just received from Pharmacist's Mate James R. Flanagan, who wrote from somewhere in the Pacific to thank the Randall County chapter for a "ditty bag." He wrote: "There's one of my buddies standing alongside of me who wishes to be remembered to all. We call him 'Spike.' The man was Dean Lowes."

The Randall County Red Cross board is asking again this week that all residents of Canyon make their contributions to the 1944 War Fund at the First National Bank, or at the City Hall and get their metal tags, window stickers and receipts for their payments. If all citizens will do this, it will save much time and money and gasoline, and put Randall County over the top. The quota, set by the National Red Cross for this county is nearly three times that of last year. Needs have grown, and funds must be increased if soldiers, sailors and marines all over the world are to be cared for and if their families at home are to be given help when they need it. The American Red Cross states that 90 per cent of all the money collected actually goes into things to help men in the service.

4th War Loan Exceeds Quota

Sale of E Bonds Was Far Above Quota; \$103,000 In Excess of the Quota

Randall county citizens bought a total of \$276,375.75 War Bonds during the 4th War Loan Drive, according to information received yesterday by County Chairman R. H. Wright. The quota for the county was \$173,000. This made an excess of \$103,375.75 for the county during the campaign.

The government urged that the drive be centered on E Bonds, in order to obtain the widest possible distribution of bonds among the citizens of the nation.

Randall county had a quota of \$122,000 E Bonds. The total sales amounted to \$145,443.75 for E Bonds, an excess of \$23,443.75.

Mr. Wright has received congratulations from regional and State officials for the splendid response of the people of the county in oversubscribing this War Loan Drive.

4-H Club Boys Set Food Goal For Year 1944

Producing more in 1944 will be the aim of thirty 4-H boys in Randall county.

How much of the work of producing food on farms is done by boys below 18 years of age is a question that often goes unanswered.

A plan to be used in getting the right answer for each 4-H boy on his respective farm is being worked out by the County Agent and the Randall county 4-H boys by using the food equivalent value to all products sold based on a point system. This point system uses the food requirement for one U. S. soldier for one year as one thousand points and translates all food production into point values based on the food equivalent of the particular production involved.

To find whether a particular boy is producing enough food to feed a soldier, it is only necessary to credit each worker with his percentage of the labor of producing each crop or product sold. That same percentage of the point value of the product is a measure of the food produced by each boy.

It has already been learned that there is a wide variation in the net food production per worker in various parts of the country and on different farms within the county.

The 4-H boys will meet tomorrow, Friday, afternoon to study the system further and to complete enrollment for 1944.

Cool Weather, But Not Too Cool During the Past Week

Cool weather has prevailed during the past week, but the temperature has not been as low as predicted by the weather department. A blizzard was predicted for the first of the week, which missed this section.

The lowest temperature was 25 degrees Monday morning.

Wanda Dorris Has Finished Boot Camp

Feminine Bluejacket Wanda M. Dorris, 20, daughter of Mr. and Mrs. J. K. Dorris of Canyon, has completed her "boot training" and is now enrolled in the Naval Training School for yeomen on the Iowa State Teachers College, Cedar Falls, Iowa.

Past civilian experience and "boot" training aptitude tests were the basis for her selection to the specialty school. The yeomen course of study includes shorthand, typing, Naval correspondence, records and forms, and current events. The college-slanted course is complete with physical education and pleasant university social functions.

C. O. Cooper was in an Amarillo hospital for a few days this week for an operation. He has been in poor health for several weeks.

Mrs. Ed Harrell and Mr. and Mrs. A. K. Britt visited in Endee, New Mexico, over the week end. Mrs. Ed Reynolds returned with them for a few days visit.

Earl Locke Neff and Bobby Black spent the week end with Sandy Oliver on the Oliver ranch.

Grand Champ on Carload 12 Bulls

Randall County Breeders Have Been Consistent In Winning of Stock Show

GEORGE NANCE

George Nance of Canyon has scored again with his herd of Herefords.

The Nance herd won grand championship with a showing of a carlot of 12 bulls.

The Nance herd also won this honor in the Amarillo Stock Show of 1943.

The Nance herd won 1st in group of six yearling bulls.

Hundreds of Hereford breeders attended the show and sale from all sections of the Southwest.

Malcolm Hunt Is Named Head of Portales Schools

Malcolm G. Hunt was elected superintendent of the Portales city schools at the meeting of the directors of the City School Board Monday evening.

Mr. Hunt has been Acting Superintendent since the departure of Capt. J. P. Steiner, former superintendent from Portales in June 1943. He has been principal of the high school in Portales for the past six years and has carried those duties in connection with the responsibilities of the superintendent for the past months and will continue until the close of the present school year.

Supt. Hunt is a son of Judge and Mrs. A. H. Hunt of Canyon and received his M. A. degree from West Texas State College in 1932 and went to Roosevelt county to begin his teaching career. He became connected with Portales city schools in 1933 and was vocational agriculture teacher in the high school before being elected to the principalship.

He is vice-president of District Six Athletic Association, chairman of the Boy Scout Court of Honor, Second Lieutenant in the local unit of Stat Guard, Past President of the Portales Rotary Club and an active member of the Chamber of Commerce. His wife is the former Audrey Cayton of Canyon, and they have two sons.

Thanks

The News observes another birthday today.

The staff is very grateful to the people of Randall county for the splendid support which they have given this publication during the 48 years which it has served the community. The present management has been in charge of The News for almost 34 years.

We are specially thankful for the splendid co-operation which we have received during the past few months while we have been faced with manpower shortage. Advertisers, correspondents and reporters have been so kind that the newspaper has been published regularly on time, and the high quality of the publication has been maintained.

This week we add the names of 25 new subscribers as our readers. During the past year a total of 225 new subscribers has been added. We are very, very grateful for this fine recognition of the value of The News as a community asset, and hope that we shall be able to continue serving you in an acceptable manner.

The achievements of America since Pearl Harbor have been nothing less than a miracle. The wonderful war machine which has been produced by this nation could never have been produced except under free enterprise, which is enjoyed in this nation. Yet today the meddlers in Washington are trying to knock in the head all individual enterprise, and to turn industry of the nation over to governmental agencies which shall tell every industry what it may do and how it shall perform its functions. There are a lot of such agencies which are trying to quell individual initiative. Many co-ops are trying to hog all lines of business, and they are being encouraged by certain bureaucrats; consumer organizations are trying to force manufacturers to adopt a uniform product eliminating all trade marks; and this gang seeks to call advertising non-essential, an economic waste. Not understanding advertising and what trade brands have done to improve living conditions in America, this group seeks to wipe out the incentive for firms to manufacture better products at a lower price. Such products cannot be marketed without advertising, and the cost per unit of sales adds nothing to the cost of merchandise. Naturally all of this is a mystery to the fixers who want the government to run everything. They would subsidize only such newspapers as bureaucrats in Washington determined were necessary to dispense censored news from Washington which dictators were willing to dish out to the public. What a mess; what a mess! Fortunately there are still sensible people in Washington, and this gang of reformers will get a kick in the pants once the war is over and the people of the nation demand that enterprise be turned loose to again function without government interference.

Texas stockmen have been bitter in their denunciation of Marvin Jones for his statement that the cattle population should be reduced 3 million in order that sufficient feed may be provided to properly fit cattle for the market. Marvin Jones has repeatedly pointed out the fact that there was not sufficient protein being raised to feed the present number of cattle. Marvin took over a terrible mess when he became food administrator, and the situation is not getting much better. So far as cattle are concerned, traders have created a real problem of fictitious values; and naturally when prices get high, cattle are not going to the market at prevailing prices set by OPA. A lot of cattle traders are buying some expensive experience, and the real producers are suffering because there is not enough feed to go around.

A few weeks ago *The News* pointed out an approaching danger in the nation. Soldiers on foreign battle fronts are thoroughly mad at labor leaders and are seeking the opportunity to pay their respects to labor racketeers who are calling strikes. We pointed out the fact that when these men are discharged, it will be in small groups, and labor organizers will meet incoming boats for the purpose of convincing the returning veterans that they must join forces with organized labor in order to continue running the nation. Last week two veterans from Italy went in to beat up John L. Lewis. No one doubts the persuasive personality of Lewis, and after an hour's talk, one of the two asked for an application blank to join the miners. The same thing will occur when men are being discharged in large numbers.

The News has a birthday today. We are starting on our 49th year. When the 50th year rolls around maybe the war will be over and the event may be adequately celebrated. At least we hope the war is over, celebration or no celebration.

The question of too much bickering among the people is being raised. Some times we are fearful that *The News* might be accused of a good case of the bellyache as we criticize what is going on in Washington. We are told that the objectors are making cases for the Axis as we complain as to what is going on. Yet, the dissention in Germany and Italy is being paraded before us. No doubt discontent which exists in America is likewise being fed in large doses to the Axis. This is a Democracy—or used to be—and the only way that reforms may be brought about is through the process of public protest against those things which the people know are wrong. Public officials keep their ears to the ground and seek to give the people what they wish in a way of clean, efficient government. Naturally war conditions change the ways of a Democracy. People are willing to concentrate full powers in the hands of the President during war for the purpose of making government more flexible. This is an admission that dictatorship is more flexible than a Democracy; but Americans will never stand for a dictator, except in an emergency. We like to run things in our own way in peace times rather than be pushed around by a dictator. Popular government remains popular only so long as the people have the right to free speech and free action in determining who shall be their political leaders.

The Truman Committee has made an exhaustive report on progress of the war. Much of the report will be treated as confidential until victory is assured. A sufficient amount of information is released to make every American proud of the wonderful achievement of the nation. We may be proud of the vision of the administration in preparing for a much longer and harder war than the man on the street was able to visualize when we were forced into the combat. Mistakes of the war are said to be pointed out in the report, and if these are corrected the report will have a fine effect upon the nation. Undue profits, excessive costs and hoarding of manpower are said to have been dealt with in the report. If our enemies would not be able to profit too much by the report, it should be made available to all citizens.

The medical profession has come to life. Only a few months ago it was a major crime for the profession to speak out in the newspapers. But the bureaucrats of Washington now threaten the medical profession with socialized medicine, and the profession is fighting the move. Every newspaper in the land is being flooded with new releases trying to stem the tide against the movement. For the past 11 years the people have looked to Washington for a free handout and for governmental aid and security. The medical profession has kept mum all of these years, but is now caught by a tidal wave which makes it necessary for it to rush into print to defend itself from these so-called reformers. If the profession had carried on a legitimate advertising campaign throughout the years, there would not have been so many quacks in the profession and the present dangers of socializing the profession.

The political issue of ballots for soldiers is disgusting. *The News* has pointed out a number of times that soldiers were not so much interested in voting as they were in the fact that the political bosses were trying to keep them from voting. The whole mess is summed up in the statement that Washington politicians are more interested in the way the soldiers vote than they are in merely handing them the ballots. Democrats are determined to keep control of the soldier ballots, or deprive them from the vote. The Republicans are just as selfish; therefore nothing will likely come of all this political mess which is disgusting to the people. In the meanwhile, political mutineers in Texas are still sniping at Governor Stevenson for refusing to call the legislature to pass an unconstitutional bill to allow soldiers to vote.

Victory gardens are again being urged by the food administration as a needed auxiliary to the production of the nation. The people of the nation learned many valuable lessons from their experience of last year. Many of those who tried to put in too large gardens are reducing their plots this year in order to give more attention to their vegetables. At any rate, the demand is still great for Victory Gardens, and the people are urged to respond to the call for more home grown foods.

When the income tax law was passed it was considered a rich man's tax. Today there is hardly an individual in the nation who is not subject to income tax payments. Civilization comes high, and everyone who enjoys the benefits of government are forced to pay the expense of government.

TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

REMINDERS

Meats, Fats: Brown stamps Y and Z in Book Three are good thru March 20. Red 10-point stamps A8, B8, and C8 in Book Four are good through May 20. Waste kitchen fats are redeemed at two ration points plus four cents a pound.

Processed Foods: Green stamps K, L, and M are good through March 20. Blue 10-point stamps A8, B8, C8, D-8, and E8 in Book Four are good through May 20.

Shoes: Stamp No. 18 in Book One is good through April 30. Airplane stamp No. 1, in Book Three is good indefinitely. Another ration stamp good for one pair of shoes beginning May 1 will be announced soon.

Income Tax: March 15 is deadline for filing 1943 returns. Date for filing 1944 declaration of estimated income and Victory Tax is extended to April 15.

WILL REVIEW DEFERMENTS

Local selective boards have been directed to review cases of all registrants 18 through 37 years old and deferred in classes 2A, 2B, 2C, and 3C. Particular attention will be given registrants under 26 years of age in view of the President's statement that agriculture and industry should release the younger men for military service.

IF YOU MADE A MISTAKE

If you find you made a mistake in your Income Tax return and already have filed it, what do you do? If your error was simply one of arithmetic, your mistake probably will be corrected without your action. If you made a mistake in your income or deduction entries, contact the office of the collector where you filed your return. You may need to file an amended return.

SINGLE RATION BOOK FOR FOOD

After food shoppers have used their Brown Y and Z stamps, they do all their food shopping with ration Book Four. The ration token plan now in effect eliminates use of stamps of four denominations (8, 5, 2, and 1 points) and uses stamps to one denomination (10 points) with one-point ration tokens for change.

CARE FOR 200,000 BABIES

Nearly 200,000 babies and their mothers were cared for up to February 1 under the Emergency Maternity and Infant Care Program. Hospital and medical care are provided without cost to wives of service men in the four lowest pay grades, during pregnancy, childbirth, and for six weeks after the baby is born, and for the infant during its first year.

SERIAL NUMBERS ON GAS COUPONS

A strip of serially numbered coupons in a cardboard folder will now be issued to renewal applicants of "B" and "C" supplemental gasoline rations, and new "E" and "F" rations for gasoline-powered equipment. Serial numbering of coupons is one of OPA's strongest weapons against the gasoline Black Market. Motorists must still endorse their coupons.

WOMEN FARM WORKERS O. K.

The work of non-farm women, including teachers, college students, stenographers and professionals, on farms in the United States during 1943 satisfied farmers, who have indicated willingness to employ them more extensively this year. Recruiting is handled by the Extension Service of the Department of Agriculture and the U. S. Employment Service.

ROUND-UP

As a result of recent OPA actions—glass jars of apples, applesauce, apple juice, and sweet cider will sell at retail for approximately two cents more than the same-sized tin cans. . . . 10,000 new passenger automobiles and 7,500 new bicycles will be available under rationing to civilians in March. . . . Ration point values for country butter will be

lowered in areas where necessary to move it faster and prevent spoilage. . . . Effective June 1, the country shipper may add \$1 a hundredweight to his ceiling price for sales to the ultimate consumer when he makes such sales in amounts up to 800 pounds. . . . Reductions are expected in some lines of lamp and lamp shades which have been selling at excessive prices. . . . Lard is temporarily removed from rationing. . . . Temporarily maximum prices for the 1944 crop of sweet potatoes will remain at levels at which they were frozen last December, except for sales of dehydrators. . . . WFA has announced that—the price of feed wheat has been increased one-cent per bushel and field wheat will be sold through grain distributors to carlot buyers at established county prices without merchandising charges. . . . Canners have been notified to increase their set-aside of canned grapefruit juice for war purposes from 32 to 38 per cent. . . . Over 3,500,000 pounds of dried apples and nearly a 1,000,000 pounds of (Zante) currants will be released for civilians. . . . 50,000,000 pounds of lard have been released for soap-making in March. . . . WPB says that—repairmen may use up to \$25 worth of authorized material for installing cooking, plumbing, heating, or used air-conditioning or refrigeration equipment units and he may use up to \$250 worth of material for an authorized new air-conditioning or refrigeration system. . . . Vitamin A, the "anti-infection" vitamin, has been placed under allocation for the first time to insure equitable distribution in face of the mounting demand. . . . Agricultural discs for plows, harrows, and other farming implements are expected to be produced in sufficient quantity to balance the first half year's program for 1944. . . . Old used collapsible tubes should be turned in at once to drug, retail, and chain stores so that needed tin can be salvaged.

MAYBE... future cars with Glareless Lighting

BUT... OIL-PLATING YOUR ENGINE is like outdoing the future—today

3,965,194 people bought the "latest" cars—mostly 1941 models. Twenty-odd million cars are still older. All the probable new car orders—even if dated today—won't be quickly filled. Then what future car improvement is likely to mean more than the instant improvement of your present car's health?

The least you can do for it is to have unsuitable scratchy Winter oil drained. But get more than an oil change; adopt the major advancement of motor oil that OIL-PLATES—by getting Conoco Nth oil for your indispensable oil change this Spring. Conoco Nth motor oil adds protective OIL-PLATING to working parts by "magnet-like" effect. This comes from the special modern synthetic in patented

Conoco Nth motor oil... at regular price.

OIL-PLATING defies engine acids. These infest every engine; they're part of every explosion. They tend to corrode metals most when your engine's driven little—not heated throughout—often re-started after full cooling. Yet even for more favorable postwar driving you'll want acid-resistant OIL-PLATING. Why not get it without waiting? Today! Simply change to Your Mileage Merchant's Conoco Nth oil for Spring. Hill Accepts New Position

Elected New Principal At Ball High School, Galveston

J. DAVIS HILL

J. Davis Hill, who received his B. S. degree from West Texas State College in 1930, and his M. A. degree in 1938, has been elected principal of the Ball High School at Galveston. He will take up his duties there about July 1.

At the present time, Mr. Hill is principal of the high school at Marshall, and previous to that time, he was principal of the high school at White Deer, and taught in the Amarillo system.

At both places and at Marshall he has been active in civic and community affairs, and he is now president of the Marshall Rotary Club, and leadership chairman of the Caddo District of the Boy Scouts.

He has been active in the Secondary School Principals' Association, of the National Education Association, and in the work of the Texas State Teacher's Association.

When an undergraduate student, Hill was a member of the Buffalo basketball, football and track teams. Ball High School is one of the oldest and best known secondary schools in Texas. One of the new principal's first duties will be to assist in the planning of a million dollar building which has been given to the Galveston school system by a private individual. A study of architecture at the University of Texas, and a continued study of school building construction fits Mr. Hill to help with this undertaking.

J. Davis Hill is the eldest child

of President and Mrs. J. A. Hill. His wife was Fay Jordan, who was also a student of W. T. They have two children, Jo Ann and Carol Jane.

"We honestly think that when a man or a woman has the nerve to enter politics for personal or other reasons, they should be given most respectful hearings and help them through their task, which at times is most unpleasant," comments Editor Robert L. Baldrige in the Clifton Record. "Some have to handle the political business of life and some enjoy it, others would not participate in such for any amount of money."

Speaking of Mark Twain, as we were recently:

The great writer had little formal schooling—which was the reason perhaps that his naturally robust and vigorous style of writing had the luxuriance of a forest in its native state and not the trimmed exactitude of a garden hedge. Punctuation bothered him, so he prefaced one article with four lines of periods, six lines of commas and three or four miscellaneous lines of semi-colons, colons, hyphens, exclamation points and question marks, then followed with the declaration that authorities differed so much on punctuation that he was giving the reader a liberal supply of the different marks and he could put them in to suit himself.

Of course, Twain's most famous saying was the one about the weather—"Everybody talks about it but nobody does anything about it."

Another was when it was reported that he had died and he notified the newspapers, "The report of my death is greatly exaggerated."

He also made the observation that more people died in bed than anywhere else so he had made up his mind that he was never going to sleep in bed again.

Two Instructors Begin Work In 350th C. T. D.

Two new instructors will begin work with the 350th Training Detachment this week. They are Dr. James I. Culbert, and Mr. Robert Poole.

Dr. Culbert will teach geography and Mr. Poole physics.

Both new instructors come from State College, New Mexico, where they have been employed in New Mexico Agricultural and Mechanical College. Dr. Culbert will take charge of work heretofore done by Mr. O. W. Beilmfroh, who is now in the military service.

Lieut. Holston Heads Champions

Lt. Jimmie Holston, is head coach of the U. S. Army football team that won the championship of the European Theatre of Operations on February 6. The game was played in Bristol, England and the score was 27-7. His Commanding General was so well pleased with the victory that he gave Lt. Holston a 6-day leave which he spent sight seeing in London.

Lt. Holston played with the Buffaloes while he was in college and later coached at the Horace Mann Jr. High in Amarillo. He married Miss Robbie Foster, an ex-student of the college. He has been overseas since October. Lt. and Mrs. Holston have a son 4½ months old.

NO CHANGE

At a small chapel in one of the Yorkshire dales the appointed minister had failed to make his appearance at the time for beginning the usual service.

One of the waiting congregation, a local farmer, was eventually persuaded to officiate as substitute for the absent cleric. The lesson was the chapter from the Book of Daniel, which contains the oft-recurring passage: "At what time ye shall hear the sound of the cornet, flute,

harp, sackbut, psalter, and dulcimer, and all kinds of music." Three times the farmer, with evident trepidation, waded through the comprehensive catalogue of ancient Babylonian instruments.

When, however, he again came to "At what time ye shall hear," he paused for a moment, wiped the perspiration from his brow, and then continued: "It's the same band again, friends. I needn't read 'em out."

FAIRVIEW FARM BUREAU HOLD CALL MEETING

The Farm Bureau of Fairview and Sunny Hill met in a call meeting February 24 for the purpose of hearing W. H. Upchurch discuss the program for the coming year.

The meeting was called by the president, A. E. Wise, who introduced the president of the county organization, Mr. Beckman, who gave a report on the State convention held at Dallas.

W. H. Upchurch gave a talk on the "Background of the organization and Why the organization should be carried on."

The election resulted in the re-election of the last year's officers. A. E. Wise, president; E. W. Schaeffer, vice-president; and Mrs. Lester Bryan, secretary and treasurer.

After the election Mr. Upchurch gave a talk on the AAA program for the following year and questions were asked and answered by Mr. Upchurch.

Refreshments of doughnuts and coffee and cocoa were served to a large crowd, after which a large number enjoyed a few games of "42." High scores were won by Miss Vesta Amerson and Frank Rogers, while the low scores were won by E. W. Schaeffer and Mrs. Chas. Sutton.

Two members paid their dues. We hope all will send in their dues at as early date as possible.

IDELL SMITH WEDS ARCHIE ROBERTS

Sunday afternoon, February 27, Miss Idell Smith, daughter of Mr. and Mrs. A. T. Smith, became the bride of Pvt. Archie Roberts of the U. S. Army, son of Mr. and Mrs. Charlie E. Roberts. The wedding was solemnized in the home of the groom's parents in Wellington.

For her wedding dress the bride wore a pink wool dress with button trim. Her accessories were tan and she wore a corsage of pink carnations.

Miss Wynona Smith, sister of the bride, and Otis Roberts, brother of the groom, attended the couple.

Mrs. Roberts graduated from Wellington High School in the class of 1942 and is attending her second year of College at West Texas State.

The bridegroom also graduated from Wellington High School in the class of 1942. He entered the U. S. Army eleven months ago and is now stationed at Fort Bragg, N. C. Mrs. Roberts is a sister of Mrs. Bob Parsons.

It (1) shrinks swollen membranes, (2) relieves irritation, (3) helps clear clogged nasal passages. Enjoy the relief it brings. Follow directions in folder.

Thornburg-Miller Wedding Ceremony Read Saturday

In a candlelight ceremony performed at 8:00 o'clock Saturday night, March 4, in the First Baptist Church, Miss Lilia Thornburg, daughter of Mr. and Mrs. Roy L. Johnson, was married to S/Sgt. Charles M. Miller, son of Mr. and Mrs. Lloyd Miller of Somerset, Pa.

Dr. Roy L. Johnson read the double ring ceremony at the altar flanked by tall wrought iron candelabra, holding twenty-six tall white candles. Baskets of peach gladioli stood before each candelabra.

The traditional wedding marches were played by Miss Fern Cunningham, who played "Indian Love Call" softly as a background for the ceremony.

Miss Mary Lee Abbott sang "I Love You Truly" and "Because," preceding the entrance of the wedding party.

Mrs. Alva Thornburg, sister-in-law of the bride, was matron of honor. Miss Juanita Thornburg, sister of the bride, was maid of honor. Their dresses were powder blue. Miss Lee Sullivan and Miss Jean Pierce, the maids, wore baby pink and corn yellow. All the dresses were sharkskin, made with fitted torsos and sweetheart necklines. Each girl's headdress, which matched her dress in color, was a flower band with veil to cover her hair. Each of the attendants carried a fan-shaped peach gladioli bouquet, tied with peach taffeta ribbon.

The best man was Lieut. N. M. Ruha of Childress, formerly of Somerset, Pa. and long time friend of the bridegroom. Ushers were Master Sgt. T. W. Huffstickler, Sgt. Paul R. Sammons, Sgt. M. C. McGee and Cpl. Charles Glass.

The bride's gift to the girls was sweetheart lockets, and the bridegroom's to the ushers was military ties.

The bride, who was given in marriage by her brother, Alva Thornburg, wore a white fitted brocade crepe made with deep nylon lace yoke which was joined to the crepe with a narrow pleated ruffle of the lace. Her shoulder length veil was held in place by a wreath of orange blossoms. She wore three-quarter length nylon mitts. Her bouquet was ivory roses tied with peach taffeta.

For something blue and old, the bride carried blue lace and white chiffon handkerchiefs that were carried by Mrs. Roy L. Johnson at her wedding. Something borrowed was a string of pearls belonging to Mrs. N. M. Ruha, wife of the best man. For good luck she wore a dime in her shoe.

Mrs. Alma Thornburg, mother of the bride, wore navy blue crepe with gardenia corsage.

At the reception, given by the Y. W. A. for the wedding party and close friends of the couple in the

Mary Kate Holland who substituted for the bride at rehearsal, Dr. and Mrs. Roy L. Johnson, Cpl. Roy Gardner who substituted for the best man, Master Sgt. T. W. Huffstickler, Sgt. Paul R. Sammons, Sgt. M. C. McGee, Cpl. Charles Glass, the honorees Miss Lilia Thornburg and S/Sgt. Charles M. Miller, and the hostess, Miss Lee Sullivan.

SPISERS HONOR SON WITH LUNCHEON SUNDAY

Mr. and Mrs. L. F. Spiser entertained with a luncheon in their home northwest of Canyon Sunday in honor of their son, Frederick, who is home for a short leave from the Navy while waiting for new construction.

Those enjoying the day were: Mr. and Mrs. E. J. Bauer and family, Mr. and Mrs. I. L. Bauer and family, Mr. and Mrs. C. W. Bauer and family, Mr. and Mrs. Philip Rickwartz and daughters, Mr. and Mrs. Alva Wise and family, P. H. Bauer and J. J. Bauer all of Happy, Mr. and Mrs. Roy Stockett and son of Tulia, Mr. and Mrs. Dudley Smith and Frances, and Mrs. Roy Cain and Marilyn of Channing, Mr. and Mrs. Lewis Harvey and Homer of Hereford, Tech Sgt. and Mrs. Wilson Hill and children of near Goldfield, Nev., Mrs. Tin Hardman and Ronald Glenn of Canyon, Bertha Britten and A. E. Wise of Amarillo, Willard and Arthur Spiser, Mabel and Lula Spiser, the host and hostess and the honoree.

CENTERVIEW CLUB MET WITH MRS. F. M. BRAZIL

The Centerview H. D. Club met in the home of Mrs. F. M. Brazil in an all day meeting last Friday, March 3rd. Six club members and one visitor quitted and enjoyed a covered dish luncheon. The members voted to donate \$10.00 to the Red Cross.

The new Home Demonstrator will meet with the Centerview Club at its next meeting, March 17 at 3 o'clock in the home of Mrs. Lester Bryan.

Members present were: Mrs. S. F. Sharpes, Mrs. Dell Zachry, Mrs. Alva Wise, Mrs. P. G. Knox, Mrs. J. W. Wesley, Mrs. F. M. Brazil, and one visitor, Mrs. Charley Bauer.

P. T. A. STUDY CLUB MET MARCH 2

Mrs. W. W. Nicklaus and Mrs. K. R. Schramm were the leaders of the study meeting of the P. T. A. Study Club last Thursday, March 2, at 3 o'clock in the music room of the school.

Mrs. Nicklaus led a round table discussion on the subject of "Boys and Girls Together." Some important changes have been taking place in boy-girl relations. Although there may be disturbing features in these changes, the underlying direction of change seems to be toward more democratic human relations.

Mrs. K. R. Schramm gave an article on the "Basic Training for the Toddler." She brought out that the child's own interest in other children should serve as a guide in providing his social experiences; guiding a child does not mean reprimanding him because he does not know how to meet the situation; it means helping him learn how to meet it satisfactorily.

BETTY GUTHRIE MARRIED ARVO GODDARD FEB. 25

Betty Guthrie, daughter of Mr. and Mrs. J. A. Guthrie, was married to Cpl. Arvo Goddard at 7 o'clock, Feb. 25 in the post school at Camp Roberts, Calif.

Members of the 177th Army Band, of which Cpl. Goddard is a member formed the wedding party. Sgt. Vernon C. Nobles, Jr. acted as best man. Cpl. Loyd J. Webb gave the bride away. Chaplain Samuel J. Vernon read the ceremony and Organist, Sgt. Howard Smith played the traditional Wagner and Mendelssohn wedding marches.

The bride wore a gold suit with black accessories and her corsage was white orchids.

Both the bride and groom are ex-students of W. T.

DISTRICT PRESIDENT P. T. A. VISITS CANYON UNIT

The District President of the P. T. A., Mrs. D. L. C. Kinard of Memphis, will be in Canyon to attend the P. T. A. this afternoon. Mrs. Kinard will visit with her sister, Mrs. Dewey Foster, while she is here.

ANGEL AND McELROY TALK TO BOOK CLUB
At the meeting of the Woman's Book Club Thursday, Miss Irene Angel and Mrs. Clyde McElroy made very interesting reports. Miss Angel used as her subject "School or Work?" Her subject dealt chiefly with child labor during this period of the manpower shortage. Mrs. McElroy discussed the subject of "Seeing Ourselves as Others See Us." This showed us clearly what other nations think of America.

Mrs. H. A. Brown made a very interesting report of the County Library, showing how much it was used during the past year.

The following members were present: Miss Irene Angel, Mrs. C. C. Armstrong, Mrs. H. E. Campfield, Mrs. Harris M. Cook, Mrs. Lee Foster, Mrs. Clyde McElroy, Mrs. A. W. Sternberg, Mrs. H. A. Brown, Mrs. S. H. Condrion, Mrs. C. M. Dowlen, Mrs. I. C. Jenkins, Mrs. Irving SoRelle and Mrs. J. W. Reid.

Processing Plant—
(Continued from page one)
tors or speakers will be available for any group interested in these subjects).

One group went to Lockney, Texas and made a study of the canning center at that place. This plant, though comparatively small, is considered one of the most successful in the nation. During the past season more than 70,000 cans of food were processed.

A tentative outline has been worked out for the general plan of operation. A capable supervisor is to be in attendance at all times. She will be qualified to instruct in the best methods of preparing and processing foods. Equipment and facilities will be available to can up to 1,000 cans a day. (Cans, jars, and bottles may be used).

Quantities of vegetables and fruits not grown in this section may be shipped in and canned to advantage. This has been done with a great degree of success in many of the canning centers.

A plan will be used under which those who produce an excess of food may exchange a portion of it for labor in canning. This works to the advantage of both those who have produce but no time to can, and to those who have no facilities for growing food but who are willing to exchange labor for a percentage of produce.

Even though the progress thus far has been encouraging, much planning and work remain yet to be done. In completing this project, every citizen of Randall County should have a part. To supplement the government allowance, some local financial aid must be obtained. Necessary requirements must be met in preparing a building in such a way that it will meet certain demands for sanitation and convenience. Actual installation of the equipment must be made.

With full cooperation, Randall County's Food Processing Center should be in operation by June 1st. Every family in Canyon and the county will be urged to use it consistently for the conservation of its food supply. By planning, producing, and processing a variety and abundance of food, each family will be materially benefitted as will our national food conservation effort. Remember, food cannot be conserved unless it is first produced, and it is not too early for spring gardening.

HERE'S HOW RATION TOKENS AFFECT YOU

1. Making change will be easier
All red and blue stamps will have the point value of 10. Each token, to be used for making change, is worth 1 point.

2. Tokens are handier to carry
Loose stamps were easily lost and tearing prevented re-using. Tokens are durable, serviceable.

3. Hoarding will be lessened
Th validity period of all stamps will be increased to 12 weeks so that there is little reason for hoarding.

Here's How Tokens Affect the Store Keeper
His work will be simplified and lessened through the use of ration tokens. Clerical work will be reduced to a minimum.

REMEMBER: Red tokens are given in exchange for red stamps, blue tokens for blue stamps. They are not interchangeable.

Press Club Sponsors Final Tourney Bout Winners Receive Group Trophy

Team Coaches Designate
Outstanding Basketeers

Bringing to a close the intramural basketball tournament which has been in progress the past two weeks, the final battle will take place tomorrow afternoon at four o'clock in the grade school gymnasium.

Outstanding class spirit has been displayed by the student body as a whole throughout the tournament. Noon games claimed the attention of the majority of the students and revealed much athletic ability as well as excellent sportsmanship.

A trophy will be presented to the victorious team by the Press Club, sponsor of the final game.

Individual silver basketballs will also be presented to the best player on each team. These will be chosen by the team coaches.

Admission to the game will be ten cents for grade school students (this includes the seventh and eighth grades), 20 cents for high school, and 30 cents for outsiders. Tickets will be on sale in the high school building all day tomorrow.

BACK YOUR FRIENDS

Webster tells us that a friend is a person who is bound to another by affection. In the Bible we learn to love our neighbors as we do ourselves. But the question is, how many of us can honestly say we practice these simple rules? Just how much DO we love ourselves? Nearly everyone likes to buy themselves clothes and good food, but how many buy these necessities for others? Do you love your neighbors enough to sacrifice things for them?

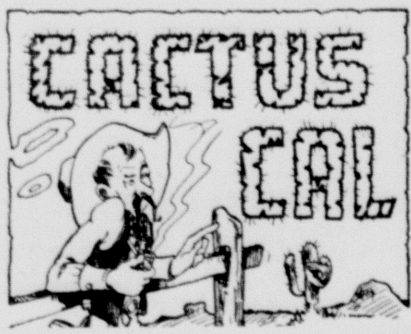

Millions of Americans, your friends, are sacrificing their very lives for you, but they need backing, they need a friend.

If the old saying, "A friend in need is a friend indeed," is true, it would be worth everyone's time and money to back the boys who are fighting and dying on foreign fields today. Is a ten cent stamp or a war bond too much? Are you going to let your friends down?

The Czechoslovakian patriots have adopted unusual ways to antagonize the Nazis. One clever stunt is to furnish the Germans with a special grade of paper which ruins the eyes by intense glare.

Tears wash the eyes with Nature's strongest germ killer. One teaspoonful of tears gives antiseptic power to a hundred gallons of water.

The staple diet in Tibet is tea with rancid butter.

Cal's motto this week is "utter scandal" so please don't let the latest lowdown be too much of a shock.

Spring is a time for revolution, or so think the juniors. Explanation: Most all the couples have changed for better or for worse. New couples seen last Saturday night are J. Spencer Winn and Sue Ann Moreman, Tommy Thompson and Dorothy McAfee, James Lair and Betty Brown. We'll never know how it happens.

Parties such as Mollie Nann Ziegler throws are welcome occasions, especially when they bring to the front such pleasing personalities as Max Bosley. Eh what, girls?

Saturday night "horse operas" are great fun especially when boys and girls can pester each other. Earl Gene Peppard and Ellen Sanders will agree with this.

Miss Hazel Kingsley's most important moment in life was—when she got another girl's boyfriend. Just such things happen right here in our own school. Don't you agree girls?

Ernest Frank has a strange fascination for W. T. girls—no names mentioned.

Max plus Maxine constitutes a good time especially when Max's last name is Dutton and Maxine's is Barnard. Pretty good mixture.

Dramatists Begin Play Rehearsals

Members of the cast of the senior play, "Demon in the Dark," held their first rehearsal Monday night under the direction of W. G. Sanderson, class sponsor.

As is usual, the first two nights were spent largely in the amateur's getting acquainted with their parts, but practices are expected to get well under way the first part of next week and amply completed March 31, the date set for production night.

College Conducts Sectional Clinic

Directors' Meeting Makes
Clinic Annual Gathering

West Texas State College claimed the musical spotlight last Friday as 25 bands met for the first band clinic ever to be held in Canyon.

Individual sections, under the supervision of the directors most capable on that particular instrument, held classes during the afternoon.

An entertainment of a pageant, swing music, vocal numbers, and group singing was presented to band members by the speech department of the college.

An all-star band, composed of outstanding high-school musicians from the various schools represented, attended rehearsals throughout the day, and presented the clinic concert Friday evening. Selections of varied type and origin were conducted by the directors of each band present.

At a director's meeting Friday afternoon, it was decided to make this clinic an annual affair with West Texas State as its home.

Crabtree Teaches Stencil Cutting

As a special project in Miss Birdie Cleo Crabtree's typing classes, students have been making stencils for the past week.

After a trial stencil had been typed, the pupils drew plans and cut the second ones by hand. Some of these last ones, most of which are on the patriotic theme, are on exhibit in the typing room.

"For their first work in this particular project, students have shown unusual ability," said Miss Crabtree.

Supt. J. B. Speer is attending the Wartime Regional Conference of School Administrators being held in Kansas City. General theme of the conference is "The People's Schools in War and Peace." Several phases of the topic will be discussed by superintendents of note throughout the nation.

Fond Wife: Will, do you know you have not kissed me for eight days?

Absent-Minded Mah: No?? Dear me, how annoying! Whom have I been kissing?

Both students and faculty members of Canyon High School wish to express their sincerest sympathy to Lorene Seales, junior, upon the death of her father, Frank Seales, who had been ill for some time in the Veteran's Hospital in Amarillo.

GRADE NOTES

As a sunshine box for Alice Mae Simms, Mrs. T. W. Collins' first grade students are collecting gifts. These pupils sent a book to her as a Junior Red Cross Project.

Students of Mrs. Houston P. Doughty's second grade class went on a field trip last week and found a good specimen of a snake skin to add to their collection. They stayed two hours.

New students in this class are Lola B. Johnson from O'Donnell, Doris Keller from Texas City, and Thomas Burns from Amarillo.

Mrs. A. K. Goodman's second grade pupils are centering all their studies this week on a Dutch unit.

A baseball game in the form of spelling is holding the interests of Mrs. L. M. Cousins' fourth grade students. These students also receive an army rating when their spelling is perfect. Dorothy McReynolds is head of the class with a Staff Sergeant's rating.

Paddy, the plaster head of an old Irishman, holds the interest of Mrs. W. E. Miller's students. Paddy's hair, which is nothing but green grass, was once "G. I.", but now he takes on the appearance of Paderewski. He now has a slight bald spot on top of his head.

New students in Mrs. John Davis' class are Don Mickey and Melva Jean Johnson.

Students Attend Scavenger Hunt

Saturday evening, March 4, Spanish Club members attended a combination entertainment of a scavenger hunt and theatre party.

After the town had been scoured for such objects as a whiskey bottle, Dr. Jarrett's signature on a match stick, a Hershey wrapper, a rubber band, a picture of Dorothy Lamour, some buttons, and an old door knob, the group attended a movie.

Mrs. Dan Sanders, sponsor, served the Espanoles and their guests ice cream and home made cookies.

Executives Elect Lair Vice-prexy

Billy Bonifield Will Attend
State Meeting in Austin

Members of the area executive council of the Future Homemakers of Texas elected Margaret Lair area vice-president in a meeting in the Canyon High School homemaking department Saturday afternoon.

Billy Jane Bonifield, out-going president, was selected as the representative of this area to the state council meeting in Austin, April 21.

Other officers elected at this meeting are: President, Patricia Dulaney of Plainview; corresponding secretary, Barbara Daniels of Tulsa; treasurer, Kathleen Ferguson of Hale Center; and reporter, Clea Ashmond of Groom.

Mrs. Reece Maston and Miss Ann Mohler, both of Plainview, are area sponsors, while Miss Gladys Armstrong of Canyon is area supervisor.

About twenty-five representatives from Tulsa, Plainview, Hereford, West Texas High School, and Canyon High School attended the meeting.

Term Themes Trip Tottering Tongues

"You mean we have to read these things in class ourselves?" "But definitely. It improves poise, and besides, no one else could give them the right interpretation." These mournful wails were heard from students in English IV upon hearing from Mrs. Kenneth Parmelee that they must read their term themes before the entire class.

As each student staggered weakly to the front of the room to read the fruits of a two weeks' research, he had a meager comfort in the knowledge that each of his fellow-students was behind him—morally.

These research themes included papers on vocations, travel, economic and political conditions, and the place of youth in the post-war world.

All high school students who have any consideration for the feelings of others should write sympathy notes to the class because: (1) they had to write the themes; (2) they had to read them orally; (3) they had to TRY to refrain from laughing while they listened to them.

Please include Mrs. Parmelee in the sympathy note. (She had to grade them.)

NOTE: This is strictly from a student's viewpoint and must be considered as such.

A college professor says that plain girls are clever. But professor, are clever girls plain?

Did You Know that ..

Vernez Turner, senior, is an accomplished piano player, who plays by ear more than by note.

Laura Davis, seventh grader, holds the title of the youngest student in high school. She will be 11 years old in May.

Three per-cent of all school population are morons.

Harold Erwin and Ernest Frank, juniors, are pursuing a career in aeronautics and both hope to join some branch of the Air Corps as soon as possible.

Dan Aardal, father of Raymond and Donna, was born in Norway and spent a part of his early life there.

Mary Alice Campfield, senior, has a fame for speaking contests and won third in District in 1943.

Mrs. Kenneth Parmelee, English teacher, had malaria for several weeks while she was attending school in Magnolia, Mississippi.

Betty Schuette, seventh grader, plays the complicated keyboard of an electric organ like a professional.

Mrs. Nora E. Gilmore, sponsor of the Eagle's Tale, is a great lover of classics, and was studying to be a classical musician when she married.

During a routine school inspection made once a semester, C. A. Duval, manager of the West Texas Gas Company, last Wednesday found all gas connections in Canyon High School free from leaks.

Umstatted Visits Canyon Schools

Visiting in Canyon High School Thursday, March 2, was Dr. J. G. Umstatted, professor of curriculum and instruction at the University of Texas.

Dr. Umstatted is visiting Canyon as a part of his work in "The Texas Study of Secondary Education." Canyon High School is one of thirty-five such schools selected in Texas. Dr. Umstatted worked with Superintendent J. B. Speer and the faculty on the problem of student guidance.

According to Dr. Umstatted our school is handling this problem better than average, and noon hour recreation is excellent.

Pastor Presents Brief Devotional

Barrett and Pierce Take
Main Roles in Program

Mr. Robert W. Jones, pastor of the Presbyterian church of Canyon, conducted a short devotional to begin last Friday's regular assembly.

Assembly took an unusual turn when the eighth grade staged the divorce of Josie Peabody, nee Fannie Alice Pierce, and Abner Peabody, formerly Dick Barrett.

This same couple was married in the little village of Stinkridge, Arkansas, on this same class's assembly last year. Attending in full force were the couple's respective families. Martha Jean Avent and Easton Wall as Mr. and Mrs. Peabody brought their "young'uns" to the occasion while Josie's mother and father, Earlene and Wayne Davis made a full day of the event.

Judge Rules Supreme

Abner was carried in, covered almost entirely with bandages due to his long fights with Josie. The couple continued to fight throughout the entire divorce procedure. Abner's and Josie's triplets good happily and smiled at the crowd.

Court was in session and Judge Bustumup ruled supreme. Clerk Marvin Keeney kept the two rowdy mountaineer families in check, especially Josie's ma. After one general row between everyone present, Judge Bustumup pronounced Abner a free man. A long suffering sweetheart rushed forward to claim the redeemed Abner as her very own.

As the program progressed, a hill-billy chorus sang suitable songs such as "She'll Be Comin' Around the Mountain," "Pistol Packin' Mama," "The Bear Went Over the Mountain," and "I Wish I Was Single Again."

Helping the eighth grade with the assembly were Mrs. George Archer, in the absence of Mrs. Simms, and Miss Hazel Evelyn Kingsley, who played the piano.

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Sorry...

It Hasn't
Come In!

Isn't it disheartening to be told time and time again that something you ordered weeks ago hasn't come in yet? Because of the war, deliveries are very slow. But, electricity is still reaching you on schedule. At the flick of a switch it jumps into action. War or peace we have made it our business to see that you have electric service available when you need it and in the quantity and quality desired. Even though there is plenty of electricity and its delivery is not curtailed, remember, it takes fuel, manpower and vital materials to make and use electricity, so don't waste it.

Mr. and Mrs. G. W. Johnson and daughter, Helen, have returned to Canyon from California where they have been for several months. Mr. Johnson says there are no people like Canyon people.

Sgt. and Mrs. Jack Walker visited in the T. S. Maxwell home Sunday. Mrs. Anna Lee Vineyard returned to Ft. Sumner with the Walkers for a few days visit.

Musical Program Is Given Tuesday at Rotary Club

Members of the Canyon Rotary Club enjoyed a musical program Tuesday as members of the College Trio sang a number of songs, and accompanied club members in group singing Texas songs. Stuart Condon was in charge of the program.

Members of the trio are Mary Lee Abbott of McLean, Mary Evelyn Foster of Borger, Winifred Ramage of Borger, Anita Davis of Canyon, accompanist.

Miss Davis played piano and vibraharp solos.

The birthday of Allen Farlow was recognized.

Visitors were: Oran Thomas of Amarillo; Bob Lindsey of Borger, accompanied by his son, Tom.

Mrs. Ivy Weldon of Houston is spending a few days with her sister, Mrs. E. I. Boyce and family.

Miss Mollie Nann Ziegler left today for San Angelo for the com-

mencement ball of the graduation of E class of which her brother, Bob Ziegler, is a member.
